Mr. Haddad's Booktalk Creation Form

DIRECTIONS: Use this form to create your booktalk, using the guidelines (“What is a Booktalk?”) to lead your thinking. After you have a first draft, go back and revise it to make your ideas more clear and your “sell” more effective! You’ll also want to practice reading your finished booktalk several times before you record the audio. Remember, your booktalk should sound more like a conversation than a reading. You will turn this form (or a typed version of this) in to Mr. Haddad after you record your audio.
